

Consumer Perceptions of Mental and Physical Energy

2004

Title: Consumers' perceptions of mental and physical energy: Focus group results

Author: Constance J. Geiger, PhD, RD, CD

Journal: Journal of Nutraceuticals, Functional & Medical Foods, 4(3/4):45-60

Supported by the Technical Committee on Energy

Abstract: Consumer's definitions of energy could inform structure/function claims. This paper summarizes focus group research that explored consumer's descriptions of mental and physical energy.
